SCHOOL REACH

2011 -2012

We need to update the database of phone numbers for our families to make the School Reach System operable! We are asking that each family fill out this form and return it to the school office as soon as possible! WE WILL NOT AUTOMATICALLY KEEP LAST YEAR'S NUMBERS IN THE DATABASE AS WE NEED YOUR CONSENT TO MAKE THESE CALLS! If you do not turn in this form, you will not receive any School Reach calls! We can make additions and changes to the database at any time but we hope to have most of our families included in the database by next week. This system is replacing the "phone tree" of years past so in order to receive notifications of school closings **and** special events we need your information! You may list more than one phone number so please include any numbers you'd like to have receive the notifications – home, cell phones, grandparents, etc. The numbers are called simultaneously when notifications are made.

Student Name (first & last)	Grade Level	Phone number	Phone number	Phone number
